CHAIN MANAGEMENT

EXPLORE AND  
UNDERSTAND GLOBAL  
BENCHMARKS IN  
INDUSTRY THROUGH  
CURRICULUM DESIGNED  
FROM A STRATEGIC  
MANAGEMENT  
PERSPECTIVE

BUILD STRONG  
INDUSTRY SKILLS AND  
NETWORKS THROUGH  
INTERNSHIP, MENTORING  
AND PROFESSIONAL  
DEVELOPMENT  
OPPORTUNITIES

In the Master of Management (Supply Chain Management) degree you will learn contemporary management skills and study areas such as global supply chain management, leadership and strategy. You will gain the confidence to manage organisations and achieve business objectives in an efficient and effective manner.

You will be immersed in real-world challenges and have access to industry placements, overseas study tours and elective courses to suit your personal and professional development needs. During your studies you will develop an advanced understanding of business and management and graduate with the capabilities to be a successful leader and decision-maker in any business setting.

Our summer and winter schools offer exciting study and learning opportunities. With options such as intensives and internships, you can spread your study load across the year and increase your exchange opportunities.

Join the top 1% of Business Schools, one of only 167 business schools worldwide to be awarded EQUIS accreditation, the world's leading international accreditation for business schools (EFMD Quality Improvement System).
